2012 – 2013 Officer Nomination Form
SPECIAL ELECTION - TREASURER

The Athens Tech Student Advisory Council (ATSAC) is a group of students elected to represent the entire student body to the administration and other entities. The purpose of ATSAC is to: 1. provide the student body with a formal vehicle for communication with the administration, faculty, and staff of Athens Technical College; 2. provide student representatives with the opportunity to serve in leadership roles; 3. encourage the opportunity for student involvement in institutional and community improvement projects.

We are currently having a special election to fill a vacated Treasurer position. Two candidates are running for this position. Below are the names of the candidates along with their responses to two questions: Why do you feel that you are qualified to hold this office? What are your goals for serving in this office?"

Misbah J. Ahmad
Accounting
“I feel that I am qualified to hold this office because I have some experience being a treasurer. I am the treasurer for my community religious school, I am responsible for collecting monthly tuition, sending out notices, and maintaining all of the monies coming in and going out, as well as all receipts. I am also the treasurer for our local chapter of the American Muslim Ladies Club (AMLC), I am responsible for collecting monthly dues, donations, and helping with as well as collecting money from fund raisers. I have held this position for almost two years now, and this is my second term as school treasurer. My goals for serving in this office is to broaden my treasurer experience on a wider scale. I feel that this experience (if I am elected to the office) will help me in my long term goal of becoming a CFO.”

Evan Haggard
Accounting
“I feel I am qualified for this position because I held the Treasurer position in my high school FFA chapter officer team for 3 years. Also, I am an accounting major and this is a great opportunity to learn more about how to manage money and how cash slow works through hands on experience. I have received countless awards including but not limited to 5 EPOCS (Excellent Performance in Oconee County Schools) awards and Greenhand, Chapter and State FFA degrees. I am heavily involved with my church. I believe this enhances my ability to be true and honest in everything that I do. I am a quick learner and have fun while getting the job done. I work well with others and can be very dependable. If I am offered the position, my goal would be to invent new ways to save money through programs or through events to help raise more money. I believe that the money is for students and should be put for to better their education.”
