Our Student Voice!

The section of the ASWA newsletter provides a forum for our Social Work Assistant Program students to present their point of view on important issues of the day, their thoughts and opinions about the profession of social work and their chosen program of study, the Social Work Assistant Program at Athens Technical College.

If you are a Social Work Assistant program student and would like to have an article published about you, then we would love to hear from you! Please contact Mrs. Watts via email about the article you want to write at bwatts@athenstech.edu. Thank you and we can’t wait to hear from you!!

Upcoming Community Service

This holiday season, ASWA officers and members are planning on making care packages for 8 airmen who will not be able to be home for the holidays. We would love for you to help out by donating items for these great men. We will be giving out more information about this coming up, so be looking for it. We could really use your help making the packages or if you would rather donate items then that would be awesome too! Come and show your love and support for these great American airmen!

ASWA officers and members are also planning on taking a trip and volunteering our time to the Northeast Georgia Food Bank on December 14th. If you are interested in joining us, please contact us. You can contact any of the officers and let them know that you would like to join us with this project. Thanks for all you do!
