You are receiving this worksheet because it appears that your PARENT'S marital status and tax filing status do not match. We are required to resolve this conflict in order to process your financial aid. Please answer the following questions concerning your PARENT'S marital status and follow the directions accordingly.

### Please circle your parent's marital status:

Married      Single      Divorced/Separated      Widowed      Date of Status: \_\_\_\_\_

*Please be aware that we MAY require W-2s for Separated individuals who file jointly.*

### Please circle your parent's tax filing status on 2016 income tax return:

Single      Married Filing Joint      Married Filing Separate      Head of Household

Please be aware that according to IRS Publication 17, the ONLY time you are permitted to file Head of Household is if you meet ALL of the following requirements.

1. You are unmarried or "considered unmarried" on the last day of the year.
2. You paid more than half the cost of keeping up a home for the year.
3. A qualifying person lived with you in the home for more than half the year (except for temporary absences, such as school).

If you are unable to show us that you meet all of these guidelines and you have filed Head of Household, we will require that you amend your taxes before we can process your financial aid.
