

# Technical College System of Georgia

Federal regulations require colleges to disclose information regarding their occupational programs that require a state licensure to be employed. Reference the program of choice, and view the status that program has for your state of residence at the initial time of enrollment. If the state you are located in does not appear, we cannot guarantee the program if study will be able to lead you to a state occupational licensure in your state.

Programs Leading to Licensure	States in which Program MEETS Licensure Requirements	States in which Program does NOT meet Licensure Requirements	Notes and Additional Links
Advanced Emergency Medical Technician (EMH1)	Georgia, Alabama, South Carolina, North Carolina	Florida, Tennessee	Not all states have this level of licensure. 			<p>license since Georgia is also a compact state. Newly licensed LPNs can apply for an eNLC license that allows them to work in multiple states (40+) that are a part of the eNLC without applying for licensure in those states.</p>
Surgical Technology (ST13)	Presently, the state of Georgia does not require surgical technologists to be licensed or certified, but employers generally do.		<p>If you live outside of Georgia, please check the information at this link for laws related to specific states concerning surgical technologists.</p> <p><a href="https://www.ast.org/Public_Policy/Legislative_Overview/">https://www.ast.org/Public_Policy/Legislative_Overview/</a></p>
Veterinary Technology (VT23)	<a href="#">Georgia</a>		<p>Upon program completion, graduates must pass the <a href="#">Veterinary Technician National Examination (VTNE)</a> and then apply for licensure in Georgia. VTs must be licensed in the state of Georgia if they are to be employed as a Veterinary Technician. Every state and province in the USA and Canada has a veterinary regulatory board tasked with regulating the practice of veterinary medicine. The <a href="#">American Association of Veterinary State Boards (AAVSB)</a> provides a list of jurisdictions with links &amp; contact information for the licensing board for Veterinary Technicians (in jurisdictions that require a license for Veterinary Technicians).</p>
